Funds collected are used to cover the cost of classroom equipment and other course related expenses.

Must be 21 years of age or older

Having a concealed handgun carry license is highly recommended but not required

Course Instructor & Range Safety Officers: Grey Man Tactical Instructor Staff

Course Overview:

Students are expected to have some prior knowledge and experience with the safe use of their own personal handgun prior to attending this course. This is not a "first time shooter" course of instruction. Students need to know how to safely load, unload, fire and maintain their personal firearm prior to the course.

The purpose of this course is to familiarize students with their personal everyday concealed carry pistol system for personal inside the home and outside the home defense. A period of instruction will be given in a classroom environment to teach students the safe and technical information that they need to know in order to be successful in operating and maintain their pistol and carry system. This will be followed by a number of dry-fire and live-fire exercises on the range. This course will emphasize support-side and one handed shooting.

Identifying and addressing a threat, safe pistol presentation from a concealed holster, proper grip, close quarter sighting, trigger control, round placement, multiple threats and magazine changes will be some of the topics emphasized in this course.

This course DOES NOT include classroom lecture, or other types of training, related to Oregon laws that address self-defense, use of force or conceal handgun requirements. This course DOES NOT meet the State of Oregon requirements to obtain an Oregon Conceal Handgun License.

This course will require students to move into different body positions such as standing, kneeling and quick moving and turning positions while using their everyday concealed carry pistol. If you cannot safely perform these physical activities please do not sign up for this course.

All students need to READ and understand ALL the information on the course flier.

Come to this course properly prepared, hydrated and well rested. If you have any questions please contact us prior to registration.

You will need to bring ALL of the required equipment to the course. If a student fails to bring the required equipment to the course they may not be allowed to participate in the course that day. There are NO refunds for the course registration fee if you do not bring the required equipment. If you have any questions ask before registering for this course.

Students are required to follow all firearm and range safety rules as well as all commands and directions given by the Lead Instructor and Range Safety Officers. Unsafe handling of a firearm during the course may result in the student being dismissed from the course. **SAFETY COMES FIRST.**

PLEASE READ CAREFULLY: Individual Required Equipment:

1. Bring a semi-auto pistol that is your primary everyday concealed carry handgun. Sorry but **NO** revolvers for this course. **No** exotic “race guns” or competition pistols. If you are not sure then ask before registering for this course.
 - You will need to bring a legal, safe and properly maintained pistol to the class. If you are not sure you then ask before registering for this class.
 - **DO NOT bring a pistol to the course that you have not yet fired.**
 - We highly recommend that you bring a second pistol if you have one. If your primary carry pistol goes down during training you will need another pistol to complete the course. We do not have any pistols to loan you.
 - Pistol calibers only: .380 to .45 ACP. No exotic pistols or calibers. If you are not sure then ask before registering for this course

- ALL pistols will need to be unloaded and inspected prior to entering the lecture training area. **NO AMMO is allowed in the lecture training area.** ALL ammo should remain secured in your vehicle prior to us moving to the shooting range.
2. Your everyday concealed pistol must fit into a holster that is attached to your belt on the outside of your waist band. **NO ankle holsters, cross draw holsters, shoulder holsters, purse holsters, drop leg tactical holsters or fanny pack holsters** for this course.
- Pistols must be drawn safely from your body holster using one hand.
3. Pistol holster, magazine holder and belt requirements:
- Your holster must be able to:
 - Adequately and safely secure your pistol.
 - Must allow you safe access to your pistol using one hand.
 - Must be able to conceal your pistol on your body when covered with a tee shirt, over shirt or sweat shirt/jacket.
 - **You must have an outside the waist band holster (OWB) for this course.** If you carry inside the waist band (IWB) please bring that holster as well but you **MUST** also have an outside of the waist band (OWB) for this course. **No** pocket holsters. If you are not sure then ask before registering for this course.
 - **Holsters should be a Level #1 90 degree carry friction retention type outside the waist band holster. Kydex holsters are highly recommended.**
 - **Leather holsters are not recommended.** If you bring a leather holster it must be quality made and in good condition. The holster must properly fit the make and model of your pistol. Your leather holster may have a thumb release type safety strap as long as it does not interfere with a one hand draw. If you are not sure then ask before registering for this course.
 - **NO nylon holsters.**

- **NO Serpa type holsters that require a trigger finger lock release to remove your pistol from your holster are permitted.**
If you have any questions please contact us prior to registration.
 - **Holsters need to be carried on the outside of your pants and at the 3:00 or 9:00 position on the waist. NO appendix, behind the hip or small of the back carry positions.**
 - Your pants belt needs to be sturdy enough to safely support your holster and magazine pouch. We have experienced students not wearing a proper belt which resulted in them not being able to complete the course. If you have any questions please contact us prior to registration.
 - You need to be able to secure at least two additional magazines on your person. At least one magazine must be in a magazine holder fixed to your belt on your non-holster side.
4. Pistols must have iron sights that are usable in the event an optic sight does not work. If your optic requires a battery make sure you bring an extra battery.
 5. Bring a minimum of three (3) “reliable” pistol magazines for your pistol. If your pistol magazines are 10 or less rounds you will need bring four (4) pistol magazines to the course.
 - Bring all your magazines preloaded to the max with training ammo and ready to start the course. We save a considerable amount of time if everyone has preloaded magazines and ready to start on time.
 6. Minimum of 250 rounds of factory ammunition for your pistol. **NO** tracer ammunition rounds. **Factory ammunition is highly recommended.** We recommend standard ball ammunition.
 7. If you have dummy rounds for your pistol please bring them. We will have a limited number of 9mm dummy rounds for range use. If you carry something other than 9mm please bring dummy rounds for your pistol.
 8. Bring some kind of a range bag to hold and secure your extra magazines, ammunition and other range equipment.
 9. Bring your own cleaning kit with lubrication oil for your pistol.
 10. Proper Range Clothing: Dress appropriately for a day on the range. Check the weather forecast in advance and dress according to the weather conditions. If you are not sure then ask before the course date.
 - **NO** open toed shoes or sandals. Some type of boot or shoe that is appropriate for a dirt/rocky range environment.

- **NO** shorts or tank tops. Wear long pants. A long sleeve shirt that you can roll up your sleeves is preferred. Tee shirts are allowed but with no inappropriate logos or designs. Tee shirts must be tucked into your pants during the course.
 - You will not need to cover your holstered handgun with a shirt or jacket. ALL handguns and holsters will be fully exposed for this course.
 - We will be outdoors. Some type of head covering (hat) is recommended.
 - We recommend that you bring sunscreen.
11. Bring lots of water: Bottled water, Nalgene bottle, Hydroflask etc. It is your responsibility to stay hydrated during the course.
12. Bring a bag lunch and snacks to sustain you through a 6 hour class.
13. Ear Protection – electronic preferred but foamies or over-the-ear is okay.
14. Eye Protection – Ballistic rated glasses or sunglasses are okay (Oakley or other)

For registration or questions about the course please contact Bob McKean at cop2rn@aol.com or (541) 261-9011
